# Community Priority

## Heart Disease

**Goal #1** Decrease heart disease through testing, education and prevention.

### National Alignment

Healthy People 2020:--HDS-5.1: Reduce the percent of adults aged 18 years and older that have high blood pressure/hypertension from 29.9% (years 2005–08) to 26.9% by the year 2020. --HDS-6: Increase the percent of adults aged 18 years and older that have had their blood cholesterol checked within the preceding 5 years from 74.6% (year 2008) to 82.1% by the year 2020.

### State Alignment

Healthy Iowans:Iowa's Health Improvement Plan 2012-16, 2015 Revisions: --4-1.14: Inform the public through social marketing about the importance of blood pressure screening and medication adherence and the national Million Hearts Initiative. --4-1.15: Institute a program for obese women at the Iowa Correctional Institution for Women to reduce the risk of cardiovascular disease.(Revised from original 4-1.16)

**Objective 1-1** Reduce uncontrolled blood pressure by 2%, in the Medicare population (persons aged 65+ and the disabled), by the end of the year 2020. (Data source: Community Commons)

Baseline Year	Baseline Value	Target Year	Target Value
2012	64.07%	2020	62.07%

**Strategy 1-1.1** Every two weeks, Burgess Health Center offers 1)a wellness lab checkup package deal that includes high blood pressure testing among other tests and 2)a stroke screening. Burgess will begin to advertise this and will reach out to county businesses to let them know this testing can also be done right at their business site for a group of employees.

Strategy Type  
Clinical Intervention

Who's Responsible  
Burgess Health Center

Target Date  
Jun 30, 2016

**Strategy 1-1.2** Monthly, Burgess Health Center's Home Health department will offer free blood pressure checks at various locations throughout the county.

Strategy Type  
Counseling & Education

Who's Responsible  
Burgess Health Center's Home Health department

Target Date  
Dec 30, 2016

**Strategy 1-1.3** The Burgess Health Center Lab and Monona County Public Health will discuss the possibility of holding a 1)wellness lab checkup and 2)stroke screening at the Monona County Courthouse for its employees.

Strategy Type  
Clinical Intervention

# Community Priority

## Child Abuse & Neglect

**Goal #1** Decrease child abuse and neglect through educational programs and events.

### National Alignment

Healthy People 2020:--MICH-10.2: Increase the percent of pregnant females who receive early and adequate prenatal care from 70.5% (year 2007) to 77.6% by the year 2020. --MICH-8.1: Reduce the percent of live births that are low birth weight from 8.2% (year 2007) to 7.8% by the year 2020.

### State Alignment

Healthy Iowans: Iowa's Health Improvement Plan 2012-16, 2015 Revisions: --6-1.8: Develop policy recommendations based on the steps outlined in the Maternal and Child Health Advisory Council plan. (Revised from original 6-18) --8-1.3: Use lessons learned from the 1st Five Healthy Mental Development Initiative to make recommendations to Early Childhood Iowa, Project Launch, and the Medical Home/Prevention and Chronic Care Management Advisory Council, for supporting a statewide partnership system of care between medical providers and community-based agencies around mental and behavioral services for children ages birth to 5. (Revised from original 8-1.3)

**Objective 1-1** Reduce the rate (per 1,000 population) of child abuse and neglect, in children aged 0-17, from 14.2 to 12.2 by the end of the year 2020.

Baseline Year	Baseline Value	Target Year	Target Value
2013	14.2	2020	12.2

**Strategy 1-1.1** West Central Community Action's Head Start, Monona County Public Health and the 1st Five Program will post a Facebook message quarterly regarding a topic that affects child abuse and neglect (i.e. family activities ideas, stress management, upcoming family friendly events in the community, etc.)

Strategy Type  
Counseling & Education

Who's Responsible

West Central Community Action's Head Start, Monona County Public Health and the 1st Five Program

Target Date

Jun 30, 2016

**Strategy 1-1.2** During April's national child abuse and neglect prevention month, West Central Community Action's Head Start, Monona County ISU Extension, Monona County Public Health and the 1st Five Program will promote the importance of family bonding, stress management, social support and community resources. This will be promoted using local media outlets.

Strategy Type  
Counseling & Education

Who's Responsible

West Central Community Action's Head Start, Monona County ISU Extension, Monona County Public Health and the 1st Five Program.

Target Date

Apr 28, 2017

**Strategy 1-1.3** Monona County Conservation will partner with the Monona County Public Health Learning for Life Program to host a family group meeting activity. This activity will build social connections between families, therefore decreasing stress, which ultimately decreases the chances for child abuse and neglect.

Strategy Type  
Address Social Determinant / Health Inequity

Who's Responsible

Monona County Conservation will partner with the Monona County Public Health Learning for Life Program

Target Date

Jun 30, 2017

Strategy 1-1.4

The Neighborhood Networking Grant will be applied for at least annually to allow community partners to collaborate to offer some sort of community event (i.e. Make a Meal Night, etc.) that promotes nutrition, stress reduction, family bonding and ultimately reduces the chances of child neglect and abuse that can be brought on by stress, economic issues, health disparities, etc.

Progress notes: The Monona County Public Health Learning for Life Program hosted a family group meeting on 2-4-2016. The parents and children that attended this event got to participate in a Valentine's frame making craft. While putting this craft together, families were bonding with each other, as well as with other families in attendance.

Strategy 1-1.9

Monona County Public Health, HCCMS Maternal/Child Health and the 1st Five Program will setup a meeting with West Central Community Action's WIC Program to discuss their programs and to setup a referral system so that all pregnant women, using the WIC Program, are referred to Monona County Public Health and HCCMS Maternal/Child Health for further maternal/child services.

Strategy Type

Environmental / Policy / Systems Change

Who's Responsible

Monona County Public Health, HCCMS Maternal/Child Health, the 1st Five Program and West Central Community Action's WIC Program

Target Date

Jun 30, 2017

Strategy 1-1.10

Burgess Health Center will discuss the logistics and gauge interest in hosting a First Time Mother's/ Father's educational event.

Strategy Type

Counseling & Education

Who's Responsible

Burgess Health Center

Target Date

Jun 30, 2017

# Community Priority

## Physical Activity

**Goal #1** Increase physical activity through events and education.

### National Alignment

Healthy People 2020:--PA-1: Reduce the percent of pregnant adults that engaged in no leisure time physical activity from 36.2% (year 2008) to 32.6% by the year 2020. --PA-9.3: Increase the number of States with licensing regulations for physical activity in childcare that requires a number of minutes of physical activity per day/or by length of time in care from 1 state (year 2006) to 11 states by the year 2020.

### State Alignment

Healthy Iowans:Iowa's Health Improvement Plan 2012-16, 2015 Revisions: --6-1.26: Increase by 2% Iowans' overall participation rate in more physically active, natural-resources-based outdoor recreation activities as listed in Iowa's Statewide Comprehensive Outdoor Recreation Plan.

Objective 1-1	Decrease the percent of the population, aged 20+, with no leisure time physical activity by 2% by the end of the year 2020. (Data source: Community Commons).	Baseline Year	Baseline Value	Target Year	Target Value
		2012	25.9%	2020	23.9%

**Strategy 1-1.1** Quarterly, Burgess Health Center, Monona County Conservation, Horn Physicians Clinic and Monona County Public Health will use media outlets to promote the wellness opportunities in the county (classes, various gym's and trail opportunities).

Strategy Type  
Counseling & Education

Who's Responsible  
Burgess Health Center, Monona County Conservation, Horn Physicians Clinic and Monona County Public Health

Target Date  
Jun 30, 2017

**Strategy 1-1.2** Mapleton Rebuild & Recover will continue to work on completing the Mapleton trail project and applying for additional grants, as needed.

Strategy Type  
Address Social Determinant / Health Inequity

Who's Responsible  
Mapleton Rebuild & Recover

Target Date  
Dec 31, 2020

**Strategy 1-1.3** The City of Onawa will have discussions on which complete streets/trail project section to begin first. Grants will be applied for as available.

Strategy Type  
Address Social Determinant / Health Inequity

Who's Responsible  
The City of Onawa

Target Date  
Jun 30, 2017

**Strategy 1-1.4** The Burgess Health Center Medically Oriented Gym (MOG) will continue to schedule meetings with various insurance company's so that more insurance plans will allow coverage of patients monthly membership fee to the MOG.

Strategy Type  
Environmental / Policy / Systems Change

Who's Responsible  
The Burgess Health Center Medically Oriented Gym (MOG)

Target Date  
Dec 31, 2020

**Strategy 1-1.5** Research wellness and prevention grant opportunities that would enable an organization to hire or contract with a wellness team member. This wellness team member would then spearhead 1)county wellness activities and events, and 2)reach out to businesses to help setup workplace wellness programs. This would then begin to help make the healthy choice the easy choice in the county.

Strategy Type  
Environmental / Policy / Systems Change

	<u>Who's Responsible</u> Monona County Public Health and Burgess Health Center	<u>Target Date</u> Dec 31, 2020
Strategy 1-1.6	Community partners will work with at least one school to discuss and plan how a school garden/healthy food class pilot program would work. This school garden would get kids active and by eating more nutritional food, the kids and their family would have more energy for physical activity.	<u>Strategy Type</u> Address Social Determinant / Health Inequity
	<u>Who's Responsible</u> Monona County Public Health	<u>Target Date</u> Jun 30, 2017
Strategy 1-1.7	Monona County Conservation will partner with the Monona County Public Health Learning for Life Program to host a family group meeting activity that will get families outside, interacting and moving together.	<u>Strategy Type</u> Address Social Determinant / Health Inequity
	<u>Who's Responsible</u> Monona County Conservation will partner with the Monona County Public Health Learning for Life Program	<u>Target Date</u> Jun 30, 2017
Strategy 1-1.8	Monona County ISU Extension and Burgess Health Center Mental Health will focus on developing and promoting new resources and classes that focus on depression and stress prevention. By decreasing a person's depression or stress, they're more likely to be physical active.	<u>Strategy Type</u> Counseling & Education
	<u>Who's Responsible</u> Monona County ISU Extension and Burgess Health Center Mental Health	<u>Target Date</u> Dec 31, 2016

# Community Priority

## Poverty

**Goal #1** Decrease poverty in the county.

National Alignment

Healthy People 2020:--NWS-12:  
Reduce the percent of households with children that have very low food security from 1.3% (year 2008) to 0.2% by the year 2020.

State Alignment

Healthy Iowans: Iowa's Health Improvement Plan 2012-16, 2015 Revisions: --5-1.2: Continue developing viable Iowa communities with decent housing and suitable living environment and expanding economic opportunities primarily for persons of low and moderate incomes. --6-11: Decrease the percent of participants in the Women, Infants, and Children (WIC) program who have low or very low food security from 41% (year 2011) to 39% by the year 2016.

**Objective 1-1** Decrease the percent of poverty by 1% in children, age 17 and under, that fall within the 200% poverty level, by the end of the year 2020. (Data source: Community Commons).

Baseline Year	Baseline Value	Target Year	Target Value
2009-13	42.03%	2020	41.03%

**Strategy 1-1.1** Burgess Health Center will continue to promote their loan forgiveness program to potential new employees by using various media outlets.
